

# Field Survey Manual

Landform – Soil - Soil Erosion - Land Use - Land Cover

Project Report N° L- 01

January 2007

Somalia Water and Land Information Management  
Ngecha Road, Lake View. P.O Box 30470-00100, Nairobi, Kenya.

## TABLE OF CONTENTS

<b>1</b>	<b>LANDFORM MAPPING .....</b>	<b>1</b>
	<b>LANDFORM – LNF- A .....</b>	<b>13</b>
	<b>GENERAL LANDFORM OBSERVATIONS.....</b>	<b>13</b>
<b>2</b>	<b>SOIL SURVEY .....</b>	<b>27</b>
2.1	Introduction.....	27
2.2	Description of the soil surface .....	27
2.2.1	Profile and transect code .....	27
2.2.2	Date of description.....	27
2.2.3	Surveyor(s) .....	27
2.2.4	Location .....	27
2.2.5	Coordinates .....	27
2.2.6	Landform Unit.....	27
2.2.7	Lithology .....	28
2.2.8	Surface humidity .....	28
2.2.9	Soil drainage class .....	28
2.2.10	Presence of salts .....	34
2.2.11	Presence of surface cracks .....	34
2.2.12	Surface sealing.....	34
2.2.13	Slope gradient.....	35
2.2.14	Soil erosion.....	35
2.2.15	Microrelief .....	36
2.2.16	Flooding .....	37
2.2.17	Rock outcrops .....	37
2.2.18	Surface stoniness .....	37
2.2.19	Soil profile drawing .....	38
2.2.20	Transect sketch.....	39
2.2.21	World Reference Base (WRB) soil classification.....	39
2.3	Soil profile description.....	42
2.3.1	Taking a photograph .....	42
2.3.2	Soil sampling .....	43
2.3.3	Horizon .....	43
2.3.4	Lower boundary .....	45
2.3.5	Boundary .....	45
2.3.6	Moisture status .....	46
2.3.7	Colour (moist or dry) .....	46
2.3.8	Rock fragments.....	48
2.3.9	Texture .....	48
2.3.10	Soil structure .....	50
2.3.11	Calcium Carbonate (CaCo3) .....	52
2.3.12	pH.....	53
2.3.13	Roots.....	54
2.3.14	Coatings.....	54
2.3.15	Mottles.....	55
2.3.16	Voids (porosity).....	55
2.3.17	Cementation and compaction .....	56
2.3.18	Mineral Concentrations .....	57
2.3.19	Biological features .....	58
2.4	Bibliography .....	59
<b>3</b>	<b>LAND DEGRADATION.....</b>	<b>62</b>
	<b>FIELD FORM: PEDESTALS .....</b>	<b>81</b>
<b>4</b>	<b>LAND USE SURVEY .....</b>	<b>87</b>

4.7.1	Land improvement systems .....	88
4.7.2	Determination of levels of agronomic input in the present land use system .	89
4.7.3	Mechanisation .....	90
4.7.4	Farm management and protection.....	90
4.8.1	Indicate the crops as observed in the field.....	90
4.8.2	Indicate the element of intercropping .....	90
4.8.3	Indicate the average field size corresponding to the unit .....	90
4.8.4	Purpose of crop production.....	91
4.8.5	Phenological stage of the crop .....	91
4.8.6	General crop condition at the time of survey.....	92
4.8.7	The principal limitation .....	92
4.8.8	The principal agronomic aspects .....	92
4.8.9	Computation of the general crop calendar for the land use system.....	93
4.8.10	Farm training in the last 5 years .....	94
4.8.11	Major constraints and opportunities from the farmer’s perspective.....	94
4.8.12	Major constraints and opportunities from a technical point of view .....	94
4.9.1	Type of grazing .....	95
4.9.2	Animal species present in the system .....	95
4.9.3	Estimating the number of animals per species .....	96
4.9.4	Listing livestock products and their uses .....	96
4.9.5	General animal condition .....	96
4.9.6	Quality of forage.....	97
4.9.7	Enclosures in rangeland.....	97
4.9.8	Water sources for livestock .....	98
4.9.9	Distance to nearest watering point .....	98
4.9.10	Major constraints and opportunities from pastoralist perspectives.....	98
4.9.11	Major constraints and opportunities from a technical point of view.....	98
4.10.1	Charcoal production .....	99
4.10.2	Rangeland degradation through charcoal production .....	99
4.10.3	Charcoal production and selective tree species.....	99
4.10.4	Charcoal burning technique.....	99
4.10.5	Current land-use situation.....	99
<b>5</b>	<b>LAND COVER .....</b>	<b>110</b>
5.1	Introduction.....	110
5.1.1	General principles of land-cover mapping .....	110
5.2	The survey .....	112
5.2.1	Conceptual basis for land cover survey .....	113
5.3	Moving towards the sample area.....	121
5.3.1	The sampling quadrat (evaluating possible classes inside it) .....	121
5.3.2	Layering and main layer .....	123
5.3.3	Starting the field sampling .....	126
5.4	Forms description and guidelines .....	132
5.4.1	FORM LC-1 “About the quadrat area”.....	132
5.4.2	FORM LC-2 “About the quadrat area – site general description” .....	132
5.4.3	“FORM LC-3 “Natural vegetation” .....	134
5.4.4	FORM LC-4 “Cultivated areas” .....	136
5.4.5	FORM LC-4A “Crops list” .....	140
5.4.6	FORM LC-5 “Bare areas” .....	142
5.4.7	Floristic relieve.....	144
5.5	Bibliography .....	148
