Disclaimer	i
List of Tables	ii
List of Figures	ii
List of acronyms.....	i
ACKNOWLEDGMENTS	i
1 INTRODUCTION.....	2
1.1 Background of soil surveying	2
1.2 Soil surveying in Somalia	2
2 STUDY AREA.....	4
2.1 Location and delineation.....	4
2.2 Climate.....	5
2.3 Geology.....	8
2.4 Landform/Soils	9
2.5 Land Cover	10
2.6 Land Use	10
3 MATERIALS AND METHODS.....	12
3.1 Bibliographic research.....	12
3.2 Soil data retrieval.....	12
3.2.1 GIS building.....	12
3.2.2 Updating soil classification into WRB 2006.....	13
3.2.3 Data input and storage.....	14
3.3 Soil survey.....	14
3.3.1 Landscape stratification (Geopedological approach)	15
3.3.2 Soil sampling strategy.....	16
3.3.3 Soil field data collection.....	17
3.3.4 Soil laboratory analysis	19
3.3.5 Soil classification	19
3.3.6 Data input.....	19
3.4 Determination and acquisition of necessary environmental variables.....	20
3.5 Predictive soil mapping	20
4 RESULTS	21
4.1 Bibliographic research and data collection.....	21
4.2 Soil maps of the irrigation projects	25
4.3 Soil maps for the study area at Reference Group and at Suffix and Prefix levels 1:100 000	41
4.4 Soil attributes in the study area	47
4.5 Technical assessment of the soil resources of the study area	52
5 CONCLUSIONS AND RECOMMENDATIONS	58
5.1 Conclusions.....	58
5.2 Recommendations.....	59
BIBLIOGRAPHY	60
APPENDICES	62
Appendix 1: The description of soil profile characteristics and classification	62
Appendix 2: Historical soil profile data.....	71
Appendix 3: Soil analytical data for historical and current soil profiles.....	78

List of Tables

Table 1: Soil surveys carried out in the study area	2
Table 2: Materials	12
Table 3: Geodesic System	13
Table 4: Soil properties from profile pits in the study area.....	19
Table 5: Soil data sources	21
Table 6: Areas of soil reference groups in the study area	41

List of Figures

Figure 1: Study Area	4
Figure 2: Mean monthly rainfall patterns in the study area (1963-2001).....	7
Figure 3: Mean annual rainfall distribution map and climate of study area	8
Figure 4: Old and new soil profile pits for soil mapping	17
Figure 5: Appraisal of the field data collection team.....	18
Figure 6: Individual historical soil maps of the irrigation projects.....	26
Figure 7: Summary of soil properties by WRB (2006) reference groups	49
Figure 8: Some of the Jenny's factors for digital mapping.....	53
Figure 9: Classification model for digital soil mapping	54
Figure 10: Soil map at the reference group level in the study area	55
