

**WARSIDAHHA ROOBABKA  
SOOMAALIYA**  
Toban-Maalmoodlaha 3aad  
ee Oktoobar, 2009  
*Soo baxay 03/10/2008*

**Warbixintaan waxay ku siineysaa xog kooban oo ku saabsan Roobabka toban bilooddaha ah ee xaalada Somaliya.**

Intii lagu jiray Dekadihii 30-naad (21-da illaa iyo 31-da October, 2009), Roobab mahiigaan ah ayaa ka da'ey Qeybo ka mid ah Koonfurta Somaliya iyaddoo saldhigyada intooda badan ay soo tebiyeen roobab ka sareeya heerka caadiga ah inta lagu jiro xilliga sanadkaan. Qeybaha waqooyi ee dalka ayaa weli ah kuwa qalalan oo aysan ka da'in wax roobab ah ama waxaan la sheegi Karin. Shaxda (1) waxay muujineysaa isku xirka cabbirka roobabka ee loo kuurgalay ee xarummo cayiman ee dalka daafihiisa. Hoos waxaa ku xusan warbixin kooban oo ku saabsan xaalada roobabka ee gobol kasta ee Dekadahan.
